

# The Mini Mickey

Probably found in every streamer collection, the Mickey Fin is a deadly streamer in the proper circumstances. Usually found in sizes from 3 to 8 on a 4 or 6 XL hook this streamer works extremely well in the fall for Brook Trout.

Our version, the Mini Mickey, is designed for use in those small brooks and streams where the wild trout are so often found. Tied sparsely on a small hook, this Mickey will take wild Brookies all season long.

## The Pattern:

Hook: Mustad 9672 #10, #12

Thread: Black UNI-Thread 8/0
